MASSACHUSETTS PRIMARY WOOD PRODUCTS

INDUSTRY DIRECTORY

1987

Sawmills & Timber Harvesters

Compiled by Edward D. Sprague

REMINDER TO USERS OF THIS DIRECTORY:

When contacting businesses or persons listed herein, please tell them you obtained their name and address from the 1987 Sawmill & Timber Harvesters Directory published by the Massachusetts Division of Forests & Parks.

Thank you.

FOREWORD

The purpose of this directory is to identify primary wood producers in Massachusetts who represent markets for timber and suppliers of products to the secondary wood processing industry. In addition to listing the primary producers, there is background information to enable persons looking for products to determine production and processing capability, and major products produced by each firm.

The listing contained herein of sawmills and licensed timber harvesters is a partial listing only, based on those who responded to direct-mail surveys. Every effort was made by the compilers of this directory to obtain as complete a listing as possible via second mailings and follow-up telephone calls. The listing of any names and firms should not be interpreted as an endorsement of such, nor should any omissions, unintentional or otherwise, be considered a reflection on those not listed.

This 1986 edition supersedes the 1984 Sawmillers, Loggers, and Foresters Directory, which was compiled by the Forest Products Marketing & Utilization office, Division of Forests & Parks, and jointly published by the Cooperative Extension Service and the Massachusetts Department of Environmental Management.

ACKNOWLEDGMENTS

This 1986 edition of the "primary" wood products industry directory could not have been written without the cooperation of the sawmill operators and loggers listed within.

Thanks must also be extended to the foresters of the Department of Environmental Management's Division of Forests and Parks for providing address changes; with special appreciation extended to David Fraser, Marketing Forester and Gerald Veale, former RC&D Forester. The assistance of these two persons was invaluable in developing cover letters and survey questionnaires and in handling the subsequent mailings to the industry. Thanks also to Barbara Sprague for her assistance in adapting computer programs needed as well as assistance in compiling the directory.

Introduction

A periodic survey of sawmills and harvesters is helpful in determining the direction the industry is taking and anticipating future demand on the forests in Massachusetts. In addition, the information obtained from a directory will serve the needs of at least three groups of people. They are:

- those with timber to harvest;
- those with harvested timber to sell;
- those wanting to do business with a sawmill.

Dwelling for a moment on 'direction the industry is taking', response to this survey indicates that there are fewer sawmills and harvesters than there were in 1984. Only 101 sawmills responded by comparison to 134 in 1984 and only 193 harvesters by comparison with 425 in that year. Part of the difference in the harvester count is explained by not including out-of-state harvesters of which there were 64 in 1984. This was a policy decision.

As would be expected, a reduction in the number of mills reporting is accompanied by a reduction in annual volume sawn. The cut came down from the calculated 230 million board feet in 1984 to approximately 145 million board feet reported in 1986.

Relative to serving the marketing needs of the groups mentioned above, the Sawmiller Directory provides information about mill production, the species sawn and in many cases the annual volume of each species sawn, process capability and major products produced.

The Harvester Directory provides information about organizational structure, production class with reference to logs, pulp, and firewood and the type equipment used in the harvesting operation.

Also to assist in marketing there is included a list of Industry Organizations, a list of sources of public assistance, sample contracts, etc.

SAWMILL DIRECTORY

THE SAWMILL DIRECTORY CONTAINS SIX INDEXES. THE MASTER LISTING OF FIRMS CONTAINS STATISTICAL DATA AND THE FIRM NAMES ARE LISTED ALPHABETICALLY. THE OTHER FIVE INDEXES ARE TOPICAL AND LIST THE FIRM INDEX NUMBER, WHICH IS KEYED TO THE ALPHABETICAL LISTING. THESE FIVE INDEXES ARE AS FOLLOWS: FIRMS BY COUNTY, PROCESS CAPABILITY, PRODUCTS, SPECIES SAWN AND RESIDUES AVAILABLE.

1. INDEX NUMBER - THIS NUMBER KEYS THE FIRM TO THE TOPICAL INDEX.
2. COMPANY NAME AND ADDRESS - INCLUDES FIRM NAME, LOCATION (INCLUDING COUNTY), NAME OF THE CONTACT PERSON AND TELEPHONE NUMBER.
3. NUMBER OF EMPLOYEES - BEST ESTIMATE OF FULLTIME PERSONNEL, INCLUDING THE OWNER.
4. MAJOR PRODUCTS PRODUCED - RESPONDENTS LISTED TWENTY DIFFERENT ITEMS.
5. SPECIES SAWN - ANNUAL VOLUMES BY SPECIES WERE REQUESTED IN THE SURVEY. MANY RESPONDENTS CHOSE TO LIST THE SPECIES SAWN AND GIVE AN ESTIMATE OF TOTAL PRODUCTION OR NO VOLUME FIGURE AT ALL, THEREFORE, THE RECORD REFLECTS THOSE REPORTING METHODS.
6. RESIDUES AVAILABLE - THIS INFERS THAT THESE ITEMS COULD BE PURCHASED AT THE MILL.

HARVESTER DIRECTORY

THE HARVESTER DIRECTORY CONTAINS FIVE INDEXES. THE MASTER LISTING OF FIRMS CONTAINS STATISTICAL DATA AND THE FIRM NAMES ARE LISTED ALPHABETICALLY. THE OTHER FOUR INDEXES ARE TOPICAL AND LIST THE FIRM INDEX NUMBER, WHICH IS KEYED TO THE ALPHABETICAL LISTING. THESE FIVE INDEXES ARE AS FOLLOWS: FIRMS BY COUNTY, TYPE ORGANIZATION, OUTPUT BY VOLUME OF LOGS, PULP AND FIREWOOD, AND TYPE OF EQUIPMENT EACH FIRM USES IN THE HARVESTING OPERATION.

1. INDEX NUMBER - THIS NUMBER KEYS THE FIRM TO THE TOPICAL INDEX.
2. COMPANY NAME AND ADDRESS - INCLUDES FIRM NAME, LOCATION (INCLUDING COUNTY), NAME OF THE CONTACT PERSON AND TELEPHONE NUMBER.
3. NUMBER OF EMPLOYEES - BEST ESTIMATE OF FULLTIME PERSONNEL, INCLUDING THE OWNER.
4. OUTPUT - BY VOLUME OF LOGS, PULP AND FIREWOOD.
5. EQUIPMENT - TYPE USED BY EACH HARVESTER IN ITS WOODS OPERATION.

INDUSTRY ORGANIZATIONS

Massachusetts Wood Producers Association (MWPA)

Eastern Chapter: P.O. Box 1252

Middleboro, MA 02346

Western Chapter: P.O. Box 455

Northampton, MA 01061

The MWPA is an organization of loggers, sawmill owners, secondary manufacturers, foresters, woodland owners and equipment dealers.

Massachusetts Association of Professional Foresters (MAPF)

Holdsworth Hall, Univ. of Mass.

Amherst, MA 01003

MAPF is an organization whose members are in public or private employment, and who meet certain requirements of education and experience. Its purpose is to foster the management of forestland in the Commonwealth.

Massachusetts Forestry Association (MFA)

P.O. Box 202

Princeton, MA 01541

(617) 724-3400

Formerly known as the Massachusetts Land League, this organization is the only one in the state representing private forest landowners. The MFA is committed to continued advocacy of sound forest management policy. Its members include a diverse group of landowners, foresters, public officials and conservationists who are committed to an environmental quality of life in Massachusetts.

Northeastern Loggers Association (NELA)

P.O. Box 69

Old Forge, NY 13420-0069

(315) 369-3078

This association comprises loggers, foresters, woodland owners, primary wood producers, equipment dealers and others concerned with the conservation of northern forests through wise use. NELA also promotes legislative awareness, safety and cooperation with other organizations. It also provides training advice and consulting services for its members.

Wood Products Manufacturers Association (WPMA)

Albert J. Bibeau, Executive Director
52 Racette Avenue
Gardner, MA 01440
(617) 632-3923

WPMA comprises mainly firms engaged in the manufacture of wood into products. Other members include purchasers of products made by those manufacturers and makers and distributors of materials, supplies, equipment or financial services to the manufacturing membership.

New England Kiln Drying Association (NEKDA)

Professor William B. Smith,
Executive Secretary
SUNY, College of Env. Science & Forestry
Syracuse, NY 13210
(315) 470-6832

Cooperates with the Forest Products Research Society and Cooperative Extension Service in conducting kiln-drying workshops, lumber grading courses and other educational activities related to wood processing.

American Forest Council (AFC)

Northeast Office: 415 River Street
Troy, NY 12180
(518) 272-0062

The American Forest Council administers the American Tree Farm Program in all 50 states and includes over 58,000 Tree Farmers nationwide. AFC publishes promotional literature on forest management, forest industries and products derived from wood throughout the nation's forests. It also publishes the magazine The American Tree Farmer and has developed the Project Learning Tree environmental educational curriculum for schools.

Northeastern Lumber Manufacturers Association (NeLMA)

272 Tuttle Road, P.O. Box 87A
Cumberland Center, ME 04021
(207) 829-6901

This organization's membership largely consists of sawmills and other wood processing firms plus some lumber wholesalers, secondary wood product manufacturers, industrial equipment dealers, and various service firms. NeLMA provides softwood grading rules, market promotion for hardwood and softwood species, educational and training seminars, and other services.

New England Wholesale Lumber Association (NEWLA)
P.O. Box 318
Cumberland Center, ME 04021
(207) 829-5006

NEWLA services a membership comprising manufacturers, wholesalers and retailers of lumber and related wood products. Member firms are based in New England and eastern Canada.

Northeastern Retail Lumbermens Association (NRLA)
339 East Avenue
Rochester, NY 14604
(716) 325-1626

This organization serves its members who largely comprise retail lumber and building material dealers located in New England and New York. Other members are wholesalers and service firms. NRLA hosts the annual "Building Materials: East" trade show, conducts educational seminars, and provides numerous other services to industry.

Associated Industries of Massachusetts (AIM)
441 Stuart St., 5th Floor
Boston, MA 02116
(617) 262-1180

Since 1915, AIM has served as the official "Voice of Industry" in Massachusetts. Its 2,500-plus member companies - from small family-owned firms to vast national corporations - include R&D companies, support industries, as well as manufacturers from numerous industries. AIM specializes in representing the interests of industries through political action and public affairs.

National Wood Energy Association (NWEA)
P.O. Box 4548
Portsmouth, NH 03801
(603) 436-1921

This association serves industrial users and public utilities that use wood in co-generation and energy needs through technology transfer, assistance and feasibility programs, and through publication of the newspaper Biologue. Members of NWEA also include the suppliers and processors of wood chips/pellets/biomass.

SUGGESTED FOREST PRODUCTS BID PROPOSAL

The following Forest Products are offered for sale, and prospective buyers invited to Bid.

NOTICE OF INVITATION TO BID ON STANDING TIMBER

Sealed bids will be received IN DUPLICATE either by mail or in person at on or before
(address) (time)
at which time they will be opened and read. The right is reserved to reject any or all bids. This bid is for the purchase of an estimated of standing timber
(board feet)
marked with yellow paint for cutting on
(tract)

(description)

ESTIMATED VOLUME Number of trees in diameter ranges

NO. TREES	SPECIES	BOARD FEET	9"-13"	14"-19"	20" and up
-----------	---------	------------	--------	---------	------------

-----	-----	-----	-----	-----	-----
Total No.		Total BF	Total No.	Total No.	Total No.

Logging chance is, the hardwoods are
(describe) (describe)

quality and the softwoods are quality.
(describe)

A mill may/may not be set.
(If so, describe location)

The purchaser may have until to cut and remove timber
(time)
and lumber, unless this time is extended.

APPENDIX III (continued)

Bidders will make an advance deposit of \$..... with their bid.

Advance deposits of unsuccessful bidders will be returned.

Deposits of successful bidders will be applied toward sale payment.

In no case will timber be cut before payment is received.

No bid will be accepted for less than \$..... for the forest products designated above.

The timber will be shown by at
(name) (describe location)
at If too stormy, the timber will be shown
(time)
the following day, at the same time and place.

I/we agree to purchase the marked standing timber described in Notice to Invitation to Bid on Standing Timber described above for the total sum of \$....., which sum I/we agree to pay in full when the contract for sale is executed. I/we further agree to sign a contract in the same form as the sample enclosed with this invitation and, if requested, to furnish a Performance Bond or cashier's check to be held in escrow in the amount of \$..... as indicated in the same form as the sample enclosed with this invitation.

CONTRACT SUGGESTIONS FOR
AGREEMENT FOR SALE OF STANDING TIMBER

Agreement made this day of, 19... between
..... of,
County of, Commonwealth of Massachusetts,
hereinafter called the seller, which expression shall include their
heirs, assigns and trustees, where the context so admits of the one
part and of
....., County of, Commonwealth of
Massachusetts, hereinafter called the purchaser, which expression
shall include executors, administrators, assigns and agents of the
other part. In consideration of \$..... the seller hereby agrees to
bargain, sell and convey all right, title and interest and the
purchaser to purchase said interest in all merchantable trees
amounting to an estimated thousand board feet, designated by
..... Forester, by paint spots at breast height and on the
stump, on a portion of the seller's property described as follows:

(TRACT DESCRIPTION)

Only marked trees will be taken, and the purchaser will pay as
liquidated damages three times the stumpage value for any unmarked
trees cut provided that he will not be liable for this penalty in
felling certain trees when making necessary roads and skidways in
locations approved by the seller.

- Stumps must be cut low, but leaving the paint mark showing,
generally not to exceed 10 (ten) inches in height, and trees must be
utilized in their tops to a reasonably small diameter.

- Unmarked trees and reproduction will be protected against
unnecessary damage during logging, and woods roads and streams will be
left clear of brush and tops.

- Skid roads will be kept to a minimum number, and where there
are any deep rutting or erosion problems, they must be put back into
reasonably good condition before leaving this job.

- The purchaser shall have the right to enter upon the above
described property for the purpose of cutting and removing said
timber. Likewise, the seller agrees that the purchaser may use
necessary equipment to conduct the job of cutting and skidding the
timber.

- The purchaser may construct logging roads of ingress and
egress and rollways for the purpose of transporting logs from the
above described property, so long as they are reasonable and approved
by the seller.

- The purchaser must abide by the Forest Fire and Forest
Cutting Practices Laws of the Commonwealth of Massachusetts, which
includes a Timber Harvesting License.

- The purchaser agrees to conduct the cutting and logging upon
said property with as much care as possible and in a proper,
customary, and workmanlike manner, doing as little damage

APPENDIX IV (continued)

as possible, and leave no unnatural debris at the end of the operation.

- No liability shall be attached to the purchaser for any damage which may be said to be customary in logging and milling of timber.

- The seller agrees that he has ownership and the right to sell the timber marked or shown for cutting.

- Title to all timber remains with the seller and no cutting may be initiated until payment in full is received for the timber.

- The purchaser shall be deemed an independent contractor and shall comply with all federal, state and local laws and regulations, and in no way will the seller be responsible for any unlawful acts or injuries committed by the purchaser.

- Any logs, equipment or material left upon said described property after the expiration of this agreement or sale shall become the property of the seller.

- The seller agrees to allow the purchaser until to remove all marked timber, materials, logs and equipment.

Note: If you want the logger to leave the cutting site cleaner in order to improve its appearance and reduce forest fire hazards, you may add a provision similar to the following: "Tree tops (describe location) left in the woods must be cleared of branches that stand above the ground, the same to be lopped and scattered in such a manner that they will lie close to the ground and thus be in a position to decay rapidly. Also, all debris, trash, litter, machines or equipment and parts thereof shall be removed from the property of the seller as terms of this contract."

SUGGESTED PERFORMANCE BOND

To assure compliance with the terms of the Timber Sale Contract
covering sale of of timber in the amount of \$.....,
(board feet)

located, the sum of \$..... in
